Dear Mr. Mortensen:

Re: Division Order #92D, Coastal States Energy Company, Skyline Mine, ACT/007/005,
Folder #3, Carbon County, Utah

The Division recently received comments from the U. S. Forest Service regarding your Mining and Reclamation Plan for the Skyline Mine. These comments were received after the permit renewal was issued and therefore may not be included in the renewal requirements but still need to be addressed. You will find enclosed a Division Order requiring you to address the comments of the Forest Service.

Please read the Order to be sure you understand the requirements. You may need to coordinate with the Forest Service directly to address their concerns, but Mine Plan amendments need to be submitted to the Division's office. The Division will approve the amendment only after sign-off is obtained from the U.S. Forest Service.

Thank you for your cooperation. If you have questions please call me or Daron Haddock.

Best regards,

Dianne R. Nielson
Director
